3.1 This Scheme involves the restructuring of the various businesses of Nelco and its subsidiaries by way of Arrangement and Amalgamation (as defined hereinafter). TNSL provides VSAT communication service under the commercial VSAT service provider license issued by DOT. Nelco inter alia sells and maintains VSAT hardware and provide allied services and also operates the TNSL network based on a contract with TNSL.

3.2 The rationale for the Scheme is mentioned below:

3.2.1. TNSL's revenue comes from sale of VSAT communication services, majority of which is recurring in nature. On the other hand, the revenue earned by Nelco is partially from recurring services of hardware maintenance but mainly from one time sale of hardware including VSAT equipment.

3.2.2. The organizational and operational structure would be simplified on completion of the Arrangement and Amalgamation with the VSAT communication service business vesting in Nelco, the flagship listed parent entity and the related hardware business vesting in NNPL. This would result in the recurring revenue from VSAT communication service being in Nelco and the revenue from sale of hardware including VSAT equipment being in NNPL.

3.2.3. The enhanced net worth of Nelco after the Arrangement and Amalgamation will improve its ability to bid for larger projects and pursue bigger opportunities.

2. Valuation of ISSS Business and VSAT Business

- 2.1 In accordance with Part II and III of the Scheme, it is proposed that NELCO Limited would transfer its Transferred Undertaking 1 (ISSS Business) and Transferred Undertaking 2 (VSAT Business) to NELCO Network Products Limited (NNPL) under slump sale arrangement, on a going concern basis, for a lumpsum consideration with Appointed Date as April 1, 2017.

[A] VALUATION APPROACH AND METHODOLOGY:

- 2.2 Generally, there are several commonly used and accepted methods for determining the value of a business and each of them is briefly stated as under:

2.2.1 Income Approach – Discounted Cash Flow (DCF) method

Under DCF method, value of a business can be assessed using the projected free cash flows to the firm which are then discounted at the weighted average cost of capital. The sum of the discounted value of such free cash flows is the value of the firm.

2.2.2 Market Approach – Comparable Companies Multiple method

Under this method, value of a business is arrived at by using multiples derived from valuation of comparable companies or comparable transactions, as manifested through stock market valuations of listed companies and the transaction valuation. This valuation is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to the valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances.

2.2.3 Asset Approach – Net Asset Value method

The asset based valuation technique is based on the value of the underlying net assets of the business on a book value basis. A scheme of restructuring would normally be proceeded with the assumption that the restructured business would continue to operate as going concern and an actual realization of the operating assets is not contemplated.

- 2.3 It should be noted that application of any particular method of valuation depends on the purpose for which the valuation is done.

- 2.4 This Scheme proposes restructuring of various businesses of NELCO and its subsidiary (NNPL) to enable better realization of potential of the businesses and other business considerations as stated at Clause 3 (Rationale) of the Proposed Scheme. Under the present facts, the proposed slump sale of ISSS business and VSAT business is from the holding company (NELCO Limited) to its wholly owned subsidiary (NNPL) and as a result of which, post slump sale, the economic and beneficial ownership in such ISSS business and VSAT business continues to rest with NELCO Limited (holding company).
- 2.5 Post such transfer, the interest of the shareholders of NELCO Limited would not be prejudicially affected based on the consideration attributed to each of such business and accordingly, the Management of both the companies (NELCO and NNPL) has represented that valuation of Transferred Undertaking 1 (ISSS Business) and Transferred Undertaking 2 (VSAT Business) be conducted based on the Net Asset Value Method, considering book values as on March 31, 2017, being the date immediately preceding the Appointed Date.
- 2.6 Accordingly, for purpose of this engagement, we have applied only the Net Asset Value Method.

[B] VALUATION OF TRANSFERRED UNDERTAKING 1 (ISSS BUSINESS) AND TRANSFERRED UNDERTAKING 2 (VSAT BUSINESS)

- 2.7 ISSS Business include the business of providing solutions in the areas of automation control of Integrated Security and Surveillance Solutions through the supply, installation and fixed annual maintenance of security systems to railways, oil companies, large Government undertakings and other customers and in particular as defined as "Transferred Undertaking 1" and "Transferred Business 1" as defined at Clause 5 of the proposed Scheme, as enclosed at Annexure B hereto and now referred to as "Transferred Undertaking 1" for purpose of this document.

- 2.9 It is noted that the aforesaid slump sale of businesses is in accordance of Section 2(42C) of the Income-tax Act, 1961.

hardware and allied services consisting of network management, project management, infrastructure services, turnkey solutions for satellite communication systems, and co-location services to all customers other than to TNSL. The Company in terms of the Engagement Letter requested us to examine the Valuation Report issued by the Valuer and other related information provided by the Company and issue our independent opinion as to the fairness of Valuation ("**Fairness Opinion**") as per the requirements of the SEBI circular no. CFD/DIL3/CIR/2017/21 dated March 10, 2017 ("**SEBI Circular**").

All terms not specifically defined in this Fairness Opinion shall carry the same meaning as in the Proposed Scheme.

Brief Background of the Proposed Scheme

Nelco under the Proposed Scheme is desirous of transferring Transferred Undertaking 1 and Transferred Undertaking 2 to NNPL as a "going concern" on a slump sale basis for a lump sum consideration of Rs. 10.08 crores for Transferred Undertaking 1 and Rs. 15.83 crores for of Transferred Undertaking 2. Subsequently, post the Slump Sale, TNSL will amalgamate with Nelco. Since the entire share capital of the Amalgamating Company is held by the Amalgamated Company, the Amalgamated Company is not required to issue shares or pay any consideration to the Amalgamating Company or its shareholders.

As per the Proposed Scheme, the proposed restructuring is expected to result in following benefits:

- Result in simplification of the corporate structure with the VSAT communication service business vesting in the flagship listed parent entity and the related hardware business in its wholly owned subsidiary. This would result in revenue from recurring services from VSAT communication service to be in Nelco and the revenue from sale of hardware including VSAT equipment business to be in NNPL whose revenue will be mainly one-time in nature.
- The enhanced net worth of Nelco (which would own the VSAT license post the restructuring) after the Arrangement and Amalgamation will improve its ability to bid for larger projects and pursue bigger opportunities.

We understand that Transferred Undertaking 1 and Transferred Undertaking 2 are proposed to be transferred under the Scheme by the Transferor Company to the Transferee Company for a consideration of Rs. 10.08 crores and Rs. 15.83 crores respectively. The consideration shall be discharged within 6 months from the Effective Date or such other date and terms as determined by the Board of Directors.

For the said examination and for arriving at the opinion set forth below, we have received:

Dear Sirs,

Re: Valuation Report issued on September 1, 2017 in respect of Composite Scheme of Arrangement and Amalgamation between NELCO Limited, TATANET Services Limited and NELCO Network Products Limited

Sub: Response to the letter issued by NSE Limited dated September 22, 2017 in respect of requirement of Valuation Report as per SEBI Circular CIR/CFD/CMD/16/2015 dated November 30, 2015

This is in reference to the subject letter dated September 22, 2017 issued by NSE Limited.

In this context, we provide herewith the following information / clarification in respect of the valuation report dated September 1, 2017:

1. The Board of Directors of Nelco Limited in its meeting on September 1, 2017 had approved a Composite Scheme of Arrangement and Amalgamation ("**the Scheme**") under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 between Nelco Limited, Tatanet Services Limited and Nelco Network Products Limited and their respective shareholders and creditors.
2. Pursuant to the said Scheme:
 - 2.1 The businesses of Nelco Limited (ISSS Business and VSAT Business) is being proposed to be transferred to its wholly owned subsidiary by way of slump sale, Nelco Network Products Limited ("**the Transferee Company**" and "**NNPL**") on a going concern basis.
 - 2.2 As envisaged in the Scheme, the consideration for transfer of the aforesaid businesses is to be settled by way of cash¹. It may be noted that no shares of the Transferee Company would be issued as a consideration.

¹ As mentioned in Clause 10 and 15 of the proposed Scheme

- 2.3 Post slump sale of the aforesaid businesses, Tatanet Services Limited ("TNSL") (a wholly owned subsidiary of Nelco Limited) would be amalgamated into Nelco Limited. On amalgamation, no shares would be issued by Nelco Limited, being the amalgamation of wholly owned subsidiary with its holding company.
- 2.4 Further, no shares would be issued either by Nelco Limited or by Nelco Network Products Limited. In light of the above facts, it can be noted that the proposed internal restructuring of businesses amongst Nelco Limited, TNSL and NNPL would not result into change in the present shareholding of Nelco Limited and NNPL.
3. In view of the above, it is noted there is no requirement to either to issue "relative value per share" of the respective companies or to issue "fair share exchange ratio" / "swap ratio". Accordingly, the Circular NSE/CML/2017/12 dated June 1, 2017 ("NSE Circular") is not applicable under the present facts and circumstances.
4. However, while determining the consideration for transfer of businesses, the valuation methods as prescribed in the said NSE Circular have been duly factored ie., Asset Approach, Income Approach and Market Approach.
5. Since the subject Scheme proposes internal restructuring of various businesses of Nelco Limited and its subsidiary (NNPL) to enable better realization of potential of the businesses and other business considerations as stated at Clause 3 (Rationale) of the Scheme. Under the present facts, the proposed slump sale of businesses is from Nelco Limited (the holding company) to its wholly owned subsidiary (NNPL) and as a result of which, post slump sale, the economic and beneficial ownership in such businesses continues to rest with Nelco Limited (holding company).
6. Post such transfer, the interest of the shareholders of Nelco Limited would not be prejudicially affected based on the consideration attributed to each of such business and accordingly, for the purpose of this engagement, we have applied only the Net Asset Value Method. Therefore, the other two methods – Income Approach and Market Approach have not been considered. Kindly refer to observations at Para 2.2 to 2.7 to the valuation report dated September 1, 2017.

Hope the above clarifies on matter under consideration.

Yours faithfully,

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF NELCO LIMITED AT ITS MEETING HELD ON 1st SEPTEMBER, 2017 ON THE DRAFT COMPOSITE SCHEME OF ARRANGEMENT AND AMALGAMATION AMONGST NELCO LIMITED, TATANET SERVICES LIMITED AND NELCO NETWORK PRODUCTS LIMITED PURSUANT TO THE PROVISIONS OF SECTION 232(2)(c) OF THE COMPANIES ACT, 2013.

1. **Background**

- i) A meeting of the Board of Directors ("**Board**") of Nelco Ltd. was held on 1st September, 2017 to consider and recommend the draft Composite Scheme of Arrangement and Amalgamation amongst Nelco Ltd. ("**Nelco**" or "**Company**"), Tatanet Services Limited ("TNSL") and Nelco Network Products Limited ("NNPL") and their respective shareholders and creditors under Sections 230 to 232 read with sections 13, 14 and 61 of the Companies Act, 2013 ("**Act**") and other applicable provisions of the Act ("**Scheme**"). The Scheme entails the following:
 - a) Slump Sale of the business of providing solutions in the areas of Automation Control of Integrated Security and Surveillance Solutions ("ISSS") through the supply, installation and fixed annual maintenance of security systems to railways, oil companies, large Government undertakings and other customers ("**Transferred Undertaking 1**") by Nelco to NNPL, on a going concern basis.
 - b) Slump Sale of the business of providing Very Small Aperture Terminals ("**VSAT**") hardware and allied services consisting of network management, project management, infrastructure services, turnkey solutions for satellite communication systems, and co-location services to all customers other than to TNSL ("**Transferred Undertaking 2**") by Nelco to NNPL, on a going concern basis.
 - c) Amalgamation of TNSL (post slump sale) with Nelco and the consequential alteration of the main objects clause of the Memorandum of Association of Nelco and authorised share capital clause in the Memorandum and Articles of Association of Nelco.
- ii) The Appointed Date for Arrangement and Amalgamation under the Scheme is 1st April, 2017. Nelco along with its nominees held 100% of the equity share capital of TNSL and NNPL as on 31st March, 2017. There is no subsequent change in the share capital of TNSL or NNPL.
- iii) The consideration proposed to be discharged under the Scheme is as under:
 - a) **Slump Sale of Transferred Undertaking 1** – A consideration of Rs. 10,08,00,000/- (Rupees Ten Crores and Eight Lakhs only) shall be discharged by NNPL to the Company within 6 months from the effective date of the Scheme or such other date and terms as determined by the Board of Directors.
 - b) **Slump Sale of Transferred Undertaking 2** – A consideration of Rs. 15,83,00,000/- (Rupees Fifteen Crores and Eighty Three Lakhs only) shall be discharged by NNPL to the Company within 6 months from the effective date of the Scheme or such other date and terms as determined by the Board of Directors.
 - c) **Amalgamation** – Nelco shall not be required to issue and allot any shares as Nelco and its nominees are themselves the only shareholders of TNSL. The shares held by Nelco in TNSL will stand cancelled in their entirety.
- iv) In terms of Section 232 (2)(c) of the Act, a report from the Board of the Company explaining the effect of the Scheme on each class of shareholders, key managerial personnel, promoters, and non-promoter shareholders has to be appended with the notice of the meeting of shareholders and creditors. Further the said report has to specify any special valuation difficulties, if any in the valuation. This report of the Board is made in order to comply with the requirements of Section 232 (2)(c) of the Act.
- v) While deliberating on the Scheme, the Board had, inter-alia, considered and took on record the following documents:
 - a) Draft Scheme duly initialled by Mr. P. J. Nath, Managing Director & CEO for the purpose of identification;
 - b) Valuation report dated 1st September, 2017 issued by Thacker & Associates, Chartered Accountants, recommending the valuation of Transferred Undertaking 1 and Transferred Undertaking 2 ("Valuation Report");
 - c) Certificate dated 1st September, 2017 issued by Deloitte Haskins & Sells LLP, Statutory Auditor certifying that the accounting treatment contained in the Scheme is in compliance with applicable Accounting Standards ("Auditor's Certificate");

- d) Fairness Opinion dated 1st September, 2017 issued by J.M. Financial Institutional Securities Limited, Independent (Category – I) SEBI registered Merchant Banker, providing the fairness opinion on the Valuation Report (“Fairness Opinion”); and
- e) Report of Audit Committee dated 1st September, 2017 recommending the Scheme after taking into consideration, inter alia, the Valuation Report, Auditor’s Certificate and Fairness Opinion.

2. Rational of the Scheme

This Scheme involves the restructuring of the various businesses of Nelco and its subsidiaries by way of Arrangement and Amalgamation. TNSL provides VSAT communication service under the commercial VSAT service provider license issued by Department of Telecom (“DOT”). Nelco inter alia sells and maintains VSAT hardware and provide allied services and also operates the TNSL network based on a contract with TNSL. The rationale for the Scheme is mentioned below:

- a) TNSL’s revenue comes from sale of VSAT communication services, majority of which is recurring in nature. On the other hand, the revenue earned by Nelco is partially from recurring services of hardware maintenance but mainly from one time sale of hardware including VSAT equipment.
- b) The organizational and operational structure would be simplified on completion of the Arrangement and Amalgamation with the VSAT communication service business vesting in Nelco, the flagship listed parent entity and the related hardware business vesting in NNPL. This would result in the recurring revenue from VSAT communication service being in Nelco and the revenue from sale of hardware including VSAT equipment being in NNPL.
- c) The enhanced net worth of Nelco after the Arrangement and Amalgamation will improve its ability to bid for larger projects and pursue bigger opportunities.

3. Valuation

The report on valuation has been obtained from Thacker & Associates, Chartered Accountants, Independent Valuer. The valuation have been arrived at based on the various methodologies explained in the Report and various qualitative factors relevant to the business and the business dynamics and growth potentials of the business, having regard to information base, key underlying assumptions and limitations. The valuation has been reviewed for fairness by J.M. Financial Institutional Securities Limited, Independent (Category – I) SEBI registered Merchant Banker.

The consideration for Slump Sale of Transferred Undertaking 1 and Transferred Undertaking 2 has been approved by the management after taking into consideration the Valuation Report dated 1st September, 2017 issued by Thacker & Associates, Chartered Accountants, certifying the value of the Transferred Undertaking 1 and Transferred Undertaking 2 as on the Appointed Date based on Net Asset Value method considering the book values as on 31st March, 2017 in the books of accounts of Nelco, being the date immediately preceding the Appointed Date.

4. Effect of Scheme on each class of Shareholders, Key Managerial Personnel, Promoters and Non-Promoter Shareholders:

The Composite Scheme of Arrangement and Amalgamation is between holding company and its wholly owned subsidiaries. No shares of any of the companies shall be issued and allotted pursuant to the Scheme. Hence, the Scheme does not provide for any share exchange ratio and there exist no special valuation difficulties. Thus, there will be no adverse effect of the said Scheme on the equity shareholders (the only class of shareholders), Key Managerial Personnel, Promoters, and Non-Promoter Shareholders of the Company.

INTERNAL RISK FACTORS

The Company has been recently incorporated with the objective to carry on *inter alia* the business of selling distributing products and providing services in or relating to VSAT Communication, Value Added Network (VAN) and other telecommunication services. At present, NNPL does not carry on any business activity.

Once operational, the Company i.e. NNPL may be exposed to the following risks:

Network Systems:

1. Technology Risk

Due to the proprietary nature of the technology, the Company is dependent on limited suppliers for VSAT equipment.

2. Foreign Exchange and Operating Risk

Foreign rate fluctuations may adversely impact the profitability of operations since a major part of the VSAT hardware is imported from overseas. The Company has a high dependence on few market segments, such as banking & finance and offshore oil & gas exploration, for its revenue and profitability. Any major vagaries in these segments could impact the Company's equipment sales in the short term.

3. Regulatory Environment

The VSAT services are regulated by DoT and the licenses are given for shared hub services based on the Satcom policy of the country. Any major change in the government regulations pertaining to Satcom policy and/or VSAT services could also pose a threat for equipment sales. Newer services like Aero and Maritime Communication which can significantly increase the VSAT equipment market, are dependent on receipt of necessary government approvals.

Automation and Control:

4. Non availability of spares

The Company continues to support the executed projects by way of warranty & annual maintenance contracts. As these projects have been executed using hardware and software supplied by multiple original equipment manufacturers (OEMs) prior to execution of these projects, the support provided by the Company is contingent upon availability of the equipment and support from OEMs. Technological obsolescence and closure of OEMs business may affect this business adversely.

SUMMARY OF OUTSTANDING LITIGATIONS, CLAIMS AND REGULATORY ACTIONS

1. Total number of outstanding litigation against and by NNPL and amount involved – Nil
2. Brief details of top 5 material outstanding litigations against NNPL and amount involved- Nil
3. Regulatory Action if any - disciplinary actions taken by SEBI or Stock Exchanges against the Promoters/ Group companies in last 5 financial years including outstanding action, if any: Nil
4. Brief details of outstanding criminal proceedings against promoters of NNPL: Nil

RATIONALE OF THE SCHEME

The Scheme involves transfer of two business undertakings of Nelco by way of slump sale on a going concern basis to NNPL and amalgamation of TNSL with Nelco. The management of each Nelco, NNPL and TNSL believes that the Scheme will result in, inter alia, the following benefits:

The organizational and operational structure would be simplified on completion of the Scheme with the VSAT communication service business vesting in Nelco, the flagship listed parent entity and the related hardware business vesting in NNPL. This would result in the recurring revenue from VSAT communication service being in Nelco and the revenue from sale of hardware including VSAT equipment being in NNPL. The enhanced net worth of Nelco after the Arrangement and Amalgamation will improve its ability to bid for larger projects and pursue bigger opportunities.
